

While you are enjoying your vacation days  
Take a few minutes away from your play.

Work independently, all on your own.  
Build up your stamina, working alone.

This bag contains items to help you strive  
To remember to practice our Daily Five.

There are pencils, and paper with which you can write  
Colored markers, and play dough, to make your day bright.

The plastic plate you can dry erase  
The stencils you can use to trace.

I hope you have fun, that you learn as you play.  
And practice our Daily Five every day.

Love,
