

# What's Your Product?

**Materials needed:** 2 number cubes, crayon, game board

**Players:** 1 or 2

**How to play:**

1. Roll the number cubes and multiply the two numbers together.
  2. Find the product of the two numbers on the game board and color in the circle. Then, write the multiplication problem on the line below.
  3. Take turns or continue to roll until the game board is full.
  4. The first person to fill his/her board wins. If playing solo, the game ends when the game board is full.
- If you roll and the product of the two numbers is already colored in, your turn is skipped.
