

Dear Parents,

Our year is off to a great start and the children are doing fantastic! We have been working especially hard on our reading behaviors and how to choose good fit books. An important part of choosing good fit books is having a wide variety of books to choose from. Currently, our classroom library has a variety of choices, but as always we would like to have more! 😊 Unfortunately each year we have a number of books that are too loved and used to make it to the next year and they have to be discarded. This can hurt the size of our library and the variety of the choices for the children.

How can you help? When you are going through your child's bookshelves and come across books that are no longer age appropriate, don't forget us! We don't care what time of year it is or what the reading level of the book is, if the book is in good condition we will find a home for it! Your child's beloved books will become someone else's new favorite.

Thanks for thinking of us!
